

SafeStop is Available at Londonderry School District!

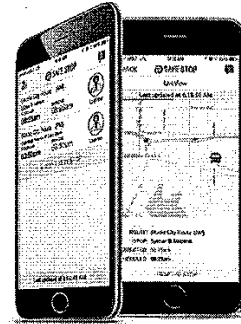

SafeStop is the mobile app that connects parents to the vehicles transporting their children

Why Register For SafeStop?

Our **FREE**, easy-to-use mobile app features neighborhood maps and a MapView bus locator so you'll never have to guess when the bus will arrive at your bus stop! Using GPS technology, the app updates every 30 seconds to help you better plan your busy day. In addition, you can have up to two user names per account to share access between parents or caregivers.

Available Features:

- Real-time map to locate your child's bus
- Expected Arrival Times for the bus at your stop
- Alerts & Messaging Center for service notifications and other updates
- Secure registration process ensures only parents can access student information

How to Register:

(1) You must set up an account with SafeStop in order to receive alerts regarding your student's bus and/or track via GPS the location of your bus. Please navigate to <http://LondonderryNH.safestopapp.com/activate> and enter your Student ID (LASID Number) to set up an account. Once you have an account, please store the password or have it saved.

Once your account has been set up, you can login to the SafeStop mobile app or <http://SafeStopApp.com/web> to start tracking your student's bus!

Don't know your child's Student ID? Please navigate to the Londonderry School District Webpage:

<http://londonderry.org/home>

Select Aspen on the navigation bar and login with your username and password

Click on the Family Tab. Here you will find your student's LASID and Bus number.

If you do not have an account with Aspen, please contact your school's Assistant Principal for support

(2) Once you have activated your subscription, you can start using SafeStop! We are already working with your school's transportation staff to ensure that SafeStop is live for your school as quickly as possible.

(3) If you have any questions about SafeStop or have forgotten your login information, please email us at support@safestopapp.com or call us at (800) 843-8936.

The Londonderry School District has partnered with STA and SafeStop to provide emergency alerts when an issue causing delays has occurred with your student's route. Once you have established an account with SafeStop and downloaded the app, alerts concerning any issues with the scheduled bus route will be sent to your device when appropriate. You will only receive these notifications if you have downloaded the SafeStop app and enabled push notifications. SafeStop also provides a GPS locator service so you can see the location of your bus in real-time. Your mobile app or web connection to SafeStop will allow you to see the location of your bus in relation to your bus stop. We hope this service enhances the communication to parents when issues regarding bus routes have been communicated to the School District.
