

## **STRATEGIC PLANNING**

Proper planning is essential to the efficient and effective operation (short and long-term) of the School District. Thus, it shall be the duty of the Superintendent with the cooperation and support of the administration to present to the Board on an annual basis an updated five-year Strategic Plan no later than October of each school year for Board adoption. The Superintendent will also provide a progress report on said Strategic Plan no later than June of each school year.
