

## **STUDENT ORGANIZATIONS**

Student organizations shall generally be encouraged when they meet the simple criteria of contributing to learning rather than detracting from it. Such organizations shall operate within the framework of the law, Board policy administrative rules, and the parameters of the learning program. When such organizations are truly contributive, their establishment and operation shall be facilitated in reasonable ways by district staff and through utilization of district resources.

The superintendent shall develop general guidelines for student organizations. Among other provisions, such guidelines shall require the assignment of at least one faculty advisor to each student organization and the approval by the Board of any student organization that requires the expenditure of budgeted funds or that may engage in activities of a divisive or controversial nature.

This policy applies to school sponsored organizations only. It is not intended to restrict the organization of students into groups which function apart from the school.
